# All about **CLICK START.**

Click Start is a nationwide training programme, developed by the Institute of Coding (IoC) and funded by Nominet. The programme, which launched in 2023, helps to tackle the UK's digital skills gap by offering skills and training to more than 26,500 learners across the country who may not have previously had opportunities.

The programme, focused on tackling the digital skills gap and improving social mobility, is equipping those who face barriers to employment and training with the vital digital and professional skills they need to succeed. Click Start works with some of top universities in the country, as well as charities to provide wraparound support. Many get the chance to work on real-life business challenges while completing their training.

## Meet the Partners

### BCS

BCS, The Chartered Institute for IT, sets professional standards and promotes ethical practices in the IT industry.

### Institute of Coding

The Institute of Coding (IoC) is a national collaboration of universities, employers, and charities, on a mission to make high-quality education and training accessible to all.

### Nominet

Nominet is a public benefit company providing funding, support and opportunities to tackle digital issues for UK youth.

### TheTalentPeople

TheTalentPeople is a social enterprise that strive to make a positive impact, creating bespoke solutions for your early talent needs.

## Why Click Start learners are perfect for you

Learners are encouraged to use the GetMyFirstDigitalJob website to equip themselves with the tools and skills needed to thrive in the digital workforce. We offer:

### 1:1 Coaching

Our team of career experts are here to guide candidates through their job search journey.

### Employability support

Participants gain access to learning modules on interview prep, soft skills and more.

### Exclusive events

We run regular events for participants to gain insights and empower them in their next career move.

**They're prepared and ready to contribute to your company's success**
